It was a fantastic party. All my friends were at my house. We were eating sweets, some fast food and other bad food for our stomachs but we didn't care about it. All my guys were happy to be at my party. We were having our last free Sunday and my gang with me won't miss it.

First we decided to play a console game. Then we decided to rap. Yes, we were singing. I told some jokes we were laughing. Out loud. Next we decided to go to an abandoned building. It was the one with old barges. We were jumping from one barge to another. We climbed a tall building nearby. We told some stories to each other. We were discussing about our future. About our plans. Actually, it was the one of best parties we have ever had!

- You have some talents in music  
- Will you be a musician or composer?  
- I don't know, no. But I don't know!

Then we decided to go to another abandoned building. It was an old factory with three floors.
